Subject: HAMP Call with RD

Hi All,

Emmanuelle and I discussed with the RD State Director (Ernie Weatherby) and his Program Manager (Jeff Hays) the history of the HAMP project and EPA/IHS/Tribe/Village preference for the rural water system and RD's recent suggestions that treatment might be the alternative they would support. I'd like to brief you on this call as soon as your group is available and Emmanuelle would certainly be welcome to join the call to ensure I deliver accurate information. Please advise all parties to this email as to when you are available for a call.
